Communities with a city form of government are listed in all capital letters.

Letters in parentheses for certain cities indicate the use of one of the optional plans of city government (“model city charters”) as authorized by Massachusetts General Laws chapter 43 (Plan A, B, C, D, E, or F). Cities that are not identified by a letter in the final column are governed by provisions or special charters granted by the Legislature.

Some municipalities have adopted a home rule charter under the provisions of the Home Rule amendment and chapter 43B. The first year in which the home rule charter was adopted is in parentheses.

Massachusetts law provides that no town with a population of less than 12,000 may adopt a city form of government and no town with a population of less than 6,000 may adopt a representative town meeting form of government.

Information in this chart is compiled from an MMA survey of each city and town in the state. The surveys were completed by the municipal clerk in each community. In towns that do not have a chief municipal official, the chair of the Board of Selectmen fulfills that role.
