Implementing Governor Baker's Integrated Strategy on Climate Change

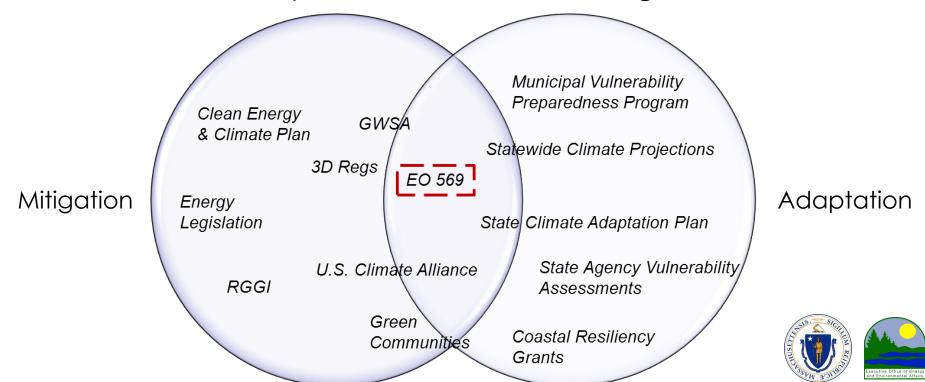

Katie Theoharides, Executive Office of Energy & Environmental Affairs, Climate Program

CFA Society Boston and Trillium Asset Management January 17, 2018

Lead the nation in reducing greenhouse gas emissions and safeguarding the Commonwealth from the impacts of climate change

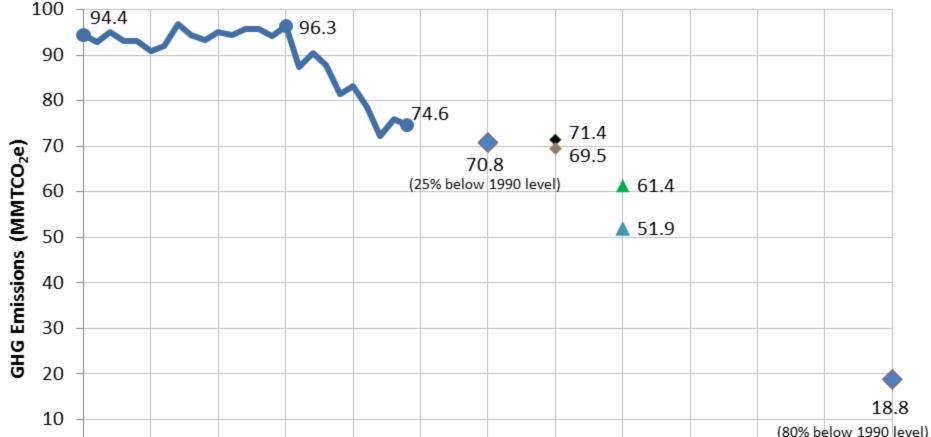

EXECUTIVE ORDER 569: AN INTEGRATED CLIMATE CHANGE STRATEGY FOR THE COMMONWEALTH

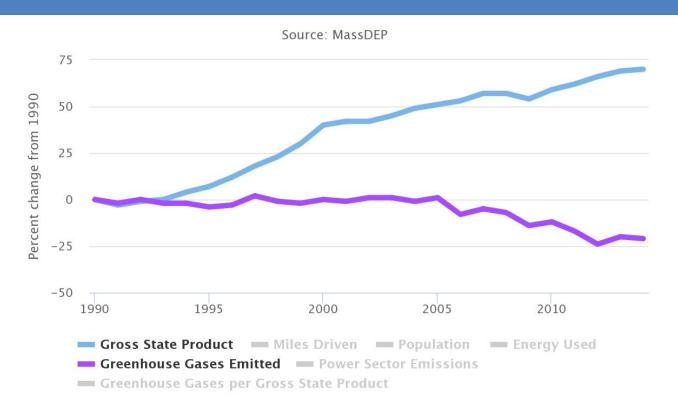

- Reducing greenhouse gas emissions to combat climate change
- Protecting life, property, natural resources and our economy from the impacts of climate change
 - State Plan
 - Agency Vulnerability Assessments
 - Municipal Support
 - Climate Coordinators

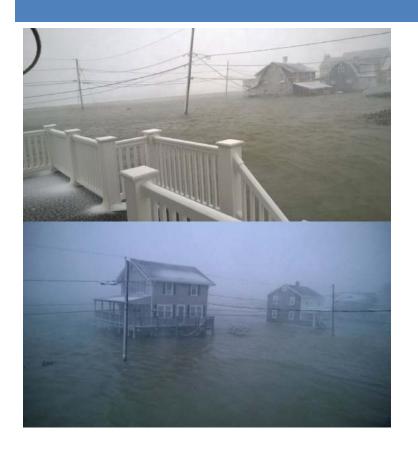

Risk Management Strategy #1: Mitigate to Avoid the Unmanageable

Climate goals and a growing economy

Strategy #2: Adapt to manage the unavoidable

- Institutional capacity
- State Adaptation Plan
- Data and Science
- State Agency Assessments
- Municipal-State
 Partnerships

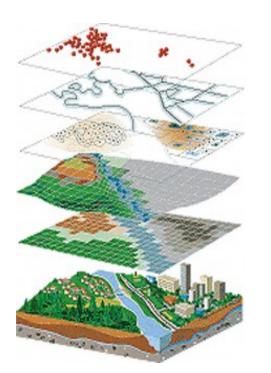

Winter Storm "Juno," January 2015, Scituate, MA.

Massachusetts State Hazard Mitigation and Climate Adaptation Plan

- www.resilientma.com
- Integrated Plan: First in the nation Climate Adaptation and Hazard Mitigation plan
- Mainstreaming climate change: Incorporating climate change into current planning, budgeting, and policy frameworks

Data Management: Science Is the Cornerstone

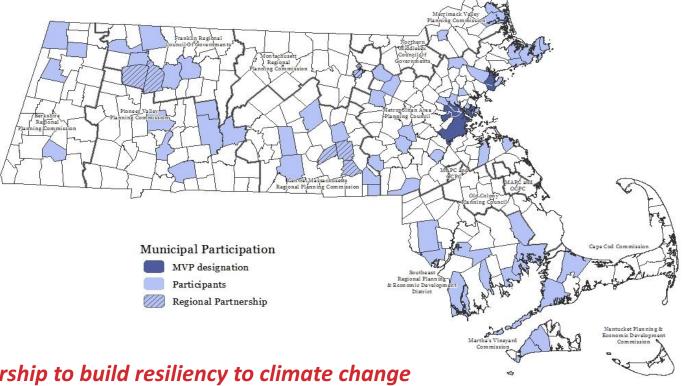

- Open access, statewide coverage of localized climate data through Northeast Climate Science Center
- Feedback from stakeholders to identify key metrics
- Climate data informs decisionmaking and forms the basis for understanding vulnerability and risk in state plan, MVP process, and vulnerability assessments

Municipal **Vulnerability Preparedness** (MVP)

2017-2018

State and local partnership to build resiliency to climate change

1. Engage Community 2. Identify CC impacts and hazards

3. Complete assessment of vulnerabilities & strengths

4. Develop and prioritize actions

5. Take Action

MVP Principles

- Community-led process that employs local knowledge
- Accessibility
- Partnerships and leveraging existing efforts
- Mainstream climate change
- Communities as local innovators
- Frame coordinated statewide efforts.

Community Resilience Building WORKSHOP GUIDE

Overview of the Process (Steps & Tasks)

Characterize Hazards

- Establish a core team with goals.
- Engage stakeholders.
- Prepare materials for workshop.
- Decide on participant arrangements.
- Identify past, current, and future impacts.
- Determine the highest-priority hazards.

- Identify environmental vulnerabilities and strengths.
- Identify and prioritize infrastructural actions.
- Identify and prioritize societal actions.
- Identify and prioritize environmental actions.
- Identify highest-priority actions.

Further define urgency and timing.

Identify Community Vulnerabilities and Strengths

Identify and Prioritize Community Actions

Determine the Overall **Priority Actions**

Community

Components

Societal

TNC and EEA trained over 280 state certified MVP service providers in fall of 2017

MVP Program Requirements

- A signed letter of support from the chair of the board of selectmen, mayor, a town administrator, or similar city or town official;
- A short statement of the community's commitment to taking on this grant and planning for the impacts of climate change;
- The name local project manager and point of contact for the grant;
- A summary of community support and any project partners
- A description of any ongoing planning efforts such as local hazard mitigation plans, open space plans, master plans, etc.;
- A description of any ongoing climate-change related projects within the community or region;

Maintaining Designation

Each municipality must provide the Commonwealth with a yearly progress report outlining the steps they have taken towards implementing their priority actions. Steps may include (but are not limited to):

- 1. applying for grant funding
- 2. working to implement local changes to policies or bylaws
- 3. updating existing local plans using the outcomes of the workshop, etc.
- A progress report template will be provided to the municipality to help them complete this requirement.
