Purchasing Resources and Support for State and Local Governments

On January 21, 2020, the Secretary of Health and Human Services declared [Public Health Emergency](#) (PHE) pursuant to section 319 of the Public Health Service Act, codified at 42 U.S.C. § 247d. On March 13, 2020, the President declared the ongoing Coronavirus Disease 2019 (COVID-19) pandemic of sufficient severity and magnitude to warrant an emergency declaration for all states, tribes, and territories, pursuant to section 501 (b) of the Robert T. Stafford Disaster Relief and Emergency Assistance Act, 42 U.S.C. 5121-5207.

The U.S. General Services Administration (GSA) is working hand-in-hand with both the U.S. Department of Health and Human Services (HHS) and the Federal Emergency Management Agency (FEMA) to support Federal, state, and local communities. GSA is here to help!

Below is an outline of programs available to state and local partners that are eligible for direct access to our GSA sources.

GSA Multiple Award Schedule (MAS) Purchasing Programs

Eligible [State and local entities](#) have access to MAS, also known as Schedules, under the following programs:

- [Disaster Purchasing](#) - Access to all MAS [available offerings](#) under Schedule (consolidated MAS and all legacy Schedules) for emergency/disaster preparation, emergency/disaster response, or major disaster recovery in support of a Stafford Act declaration from the President.
- [Public Health Emergency \(PHE\)](#) - Access to all offerings on Schedule (consolidated MAS and all legacy Schedules), when expending Federal grant funds in response to Public Health Emergencies declared by the Secretary of Health and Human Services under section 319 of the Public Health Services Act, codified at 42 U.S.C. § 247d.
- [Cooperative Purchasing](#) - Access to information technology and law enforcement and security solutions, identified by Special Item Number (SIN) in support of everyday missions.
- [1122 Program](#) - Access to specific SINs and Department of Defense (DOD) items to purchase products in support of emergency response and homeland security (most limiting

program because it requires a designated State Point of Contact (SPOC) and has limited items available).

Rules Governing Access to GSA MAS

Access to the consolidated MAS Schedule and legacy Schedules is governed by Federal law and regulations. Acceptance of orders by state or local governments is voluntary. Rules for purchasing are set by the state and local entity and the agency providing the funding. GSA mandates ordering language on orders placed under MAS, but does not establish procurement or competitive requirements or restrictions (e.g., mandates for set asides, geographic restrictions, competition level) or dictate how the state and local entities execute a purchase.

GSA cannot speak to requirements imposed by other Federal agencies. For requirements related to grant funding, the agency that provides the funding (in many cases it will be FEMA or HHS) issue the procurement rules.

Best Practices and GSA Support

Please remember to **coordinate!** Please coordinate with the funding agencies and understand the requirements and restrictions in place, if you are spending Federal grant monies.

Use GSA resources to support your needs. Here are some tips for using Schedules.

- **Do your Market Research**

- Use GSA eTools eLibrary and *GSAAdvantage!* to find the goods and services you need for support. Use the “Disaster Relief & Pandemic Products” section of *GSAAdvantage!* to quickly identify items. Look for the Cooperative Purchasing and Disaster Purchasing icons for easy identification of items covered under these programs.
- Use [eBuy](#) to post requests for information (RFIs) to find suppliers that can fulfill your requirements.

- **Confirm Supply Availability Before Ordering**

Prior to placing orders through *GSAAdvantage!*^{®*} or any other method, **buyers are encouraged to contact contractors directly to confirm product availability.** Demand is high and the supply levels are shifting faster than contractors can update information in online systems. Use of GSA eTools to purchase is not mandatory. Buyers may execute purchases in any manner (email, fax, phone, etc.), that complies with their state and local policies and regulations.

FEMA issued the below guidance related to purchasing under the Disaster Purchasing Program. This information sheet may not take into account any exceptions FEMA is making under COVID-19 declarations.
